

MACKMYRA WHISKY

VIT HUND

RAW DISTILLATE WITH A FRUITY
GRAIN CHARACTER

Vit Hund is the raw, unmatured beginning of what will become Mackmyra Whisky after cask maturation. It is manufactured with the same craftsmanship, carefully distilled from our unsmoked malted barley.

Now it's available for you who want to know the origin of our whisky. Experience the grain character of the malt and the fruitiness of the distillate. It is also a beverage suitable for many different occasions, as a digestive after dinner or as a schnapps with your entrée. It is also exciting to use in cocktails and drinks.

Why Vit Hund? The American Bourbon pioneers called their distillate White Dog before they put it in barrels - that's Vit Hund in Swedish.
